

SEED TREATMENT

Diversity ST[®]

**Diversity ST is formulated to stimulate
root and shoot growth in crops to improve
establishment and promote
crop development**

Peptide based Cereal & Pulse Seed Treatment

Net Contents **10 LITRES**

agrisource.co.nz

DIRECTIONS FOR USE

Shake well before use. Apply **Diversity ST** through a conventional seed treater suitable for handling liquids. Seed should be of good quality and moisture content. Do not apply **Diversity ST** to cracked, split or sprouted seed. Always re-calibrate your seed drill with treated seed before drilling. If required, **Diversity ST** may be watered down to aid application

USE RATE

Seed Treatment per tonne of Seed

Cereals 1.0 L/tonne

Pulses 0.5 L/tonne

SAFETY PRECAUTIONS

Do not eat, drink or smoke during use. Wash hands and other exposed areas with mild soap before eating, drinking or smoking and after handling. Wear protective gloves. Protect your eyes with goggles or safety glasses. Wear an appropriate mask. Provide good ventilation to prevent vapour formation. Do not contaminate water with the product or its container. Do not empty into drains. Dispose of this material and its container in a safe way.

CONDITIONS OF SUPPLY

All goods supplied by us are produced under rigid quality control procedures which assure the purchaser that at the time of sale they are physically suitable for use in the manner stated. However, to the extent permitted by law, buyers and/or users of the goods accept that neither the manufacturer, Agrisource as the distributor have any liability or responsibility whatsoever for any loss, damage or injury whether in contract or tort, whether direct, indirect or consequential howsoever arising in connection with the supply of these goods.
